

PRESS RELEASE

As of 1st November '18, a group of experienced investors based in Esbjerg, has invested in Daniit A/S, while strengthening the company with new capital.

The investors of Daniit A/S are the investment company Esbjerg Brygge Invest A/S (EBI) and EBI's director Kent Ernst Hansen as well as the company's new Sales and Business Development Director Jesper S. Christensen, all of whom are members of the ownership. The current owners, Jens Meier, Logistics Director and Henning Kongstad, Managing Director, remain a part of the owners and the company's executive board, and will also carry out their respective responsibilities in the future. The new ownership structure is shown in the diagram below:

The new investors join the company's board and will at the same time help strengthening the company at both management and strategic level. The new management and ownership around Daniit A/S sees a major development potential for the company's future growth, thus looking forward to continuing and further developing cooperation with current as well as new customers and collaborators.
